DANCE INTO YOUR WEDDING...

Learning to dance for your wedding is a special gift that you and your spouse-to-be can give each other. Feeling confident and poised when you dance together will ensure that your very first dance as husband and wife will be a memory you and your family will cherish forever.

MEMORABLE PERFORMANCE...

With the advent of home video, a couple's first dance at their wedding is almost always recorded on tape, available down through the years for all of posterity to see. That's why prospective brides and grooms who want to give a polished, graceful or comfortable looking performance for their first dance are increasingly opting to take dance lessons to help prepare for what may be the performance of their lifetimes.

The Forever Yung Dance Studio has helped many wedding couples prepare successful first dance performances. We can help get you started and plan a program of learning that will prepare you for your wedding dance, no matter what dance style you choose.

The Forever Yung Wedding Package:

-  *Pick a song and bring in the music to the first lesson. If you are not sure of which song would be best, bring in several choices!*
-  *Lessons will be tailored to your specific First Dance requirements.*
-  *Two 45 minute lessons. We will be able to teach you how to dance to your song within the allotted 2 lessons.*
-  *We will teach you how to walk onto the dance floor and how to end your First Dance Elegantly.*
-  *Bring your wedding shoes!*
-  *You may purchase as many packages as you need.*

Some adventurous couples wish to learn more and have a complete fully-choreographed routine to their song. For a simple routine you should allow for 4 lessons and a more complex routine will require 6 to 8 lessons.

Dance lessons can also be a great idea for your wedding party or for parents who want to be comfortable dancing at the wedding of their son or daughter. Lesson packages make thoughtful wedding or shower gifts, drop by the Studio or check out our website for more information on Dance Gift Certificates.
